## A Boxful of Springtime \$1

Ideal for Christmas Gifts, Bridge Prizes, and Special Remembrances

Our "Boxful of Springtime" contains Daffodil bulbs which have had special treatment to prepare them for winter flowering without the necessity of burying them outside, etc.

Simply plant the bulbs in the peat which is included in each box, using either an ordinary flower pot or a jardiniere without drainage, a vase or a bowl with sufficient depth, and place in a cool light window and water regularly. Growth starts immediately and in about 6 weeks your reward will be a beautiful pot of Daffodils as perfect as any florist could grow. We have received many letters from customers telling us of their satisfaction with the results and the pleasure they derive in watching the bulbs grow and come into flower.

Six large bulbs of golden yellow Trumpet Daffodils, postage prepaid east of the Mississippi, \$1.00 per box.
